

## *Warm Your Spirits*

A much-anticipated holiday treat, White Christmas Rum & Brandy was first introduced in the Pacific Northwest where it gained popularity as a cold-weather specialty spirit. Today, it has become a well-loved favorite, shared by friends and family on cozy nights around the fire or enjoyed as a taste of the holidays, year round.

# 'Tis the Season

Caribbean cane fields met California grape vines one serendipitous day fifty years ago, when Haas Brother first blended Virgin Island Rum with Golden State brandy to create a new and delicious spirit.

Made ever since with this same balanced blend of rum and brandy, White Christmas is perfectly suited for classic wintertime cocktails such as Hot Toddy's, Tom & Jerrys and spiked Egnog and is also a tasty addition to coffee or simply delicious poured straight over ice.
